

Mount Pacific Downwind

Sponsors Offers

We have a few special offers which may interest paddlers this inaugural year.

We have Hutchwilco onboard as a sponsor of the Mount Pacific Downwind (MPD), and as part of their support they have given us 20 hard to come by 'Inflatable belt punch lifejacket's to sell to entrants and their paddling friends for a remarkable 25% discount.

These are ideal for surf-ski, waka-ama (oc) and stand-up paddle boarders as they are worn as a belt around the waist, zip open, placed over the head and inflated by a canister and/or mouth piece.

They have a reflective strip on the back and are designed to turn a unconscious patent head-up in the water, with 150N buoyancy. There is also an additional zip pocket which could house a smoke flare, cell phone, food etc.

Normally retailing for \$169.00, we are offering them to you for \$120.00.

If your keen to obtain one, please let us know and we will put one aside for you to pick up at the registration. Contact info@dare2sweatevents.co.nz or call Neil on (027)648-7546.
